# Camp S.E.E.

*A Summer Exploring the  
Environment*

Summer Camp at The Clifton School will be exploding with colorful sights and sounds as we explore our environment. How can we tune in to the life that is humming right under our noses? What can you see, hear, and smell when you get up close? What variety of living things can we find in just one square foot of an ordinary yard? Each week, we will add a slice of the natural sciences to our explorations. As we weave student interests into a seamless curriculum, we will consider these recurring themes — scientific inquiry, interdependence, and responsibility.

Wednesday field trips will provide off-campus, hands-on experiences related to the weekly topics of study. Join us as we look at the earth up close.
